

ASC GF Ride-On Scrubber

Thanks to its ultra-compact size the ASC GF Ride On Scrubbing Machine is the perfect replacement for any traditional walk-behind scrubbing machine, ideal for the maintenance cleaning of surfaces of up to 3000 sq.m.

ASC has developed this extremely cost-effective scrubbing machine according to "Affordable Cleaning" principles. In fact the ASC GF offers improved ease of use and faster cleaning for the same cost as a walk-behind model. Thanks to its compact size and special steering wheel (inspired by the automobile industry), the ASC GF ensures the manageability required for working in small spaces, effortlessly manoeuvring around obstacles and completing the cleaning operations in significantly less time compared with walk-behind models, thus producing significant savings in terms of cleaning costs.

ASC GF Key Machine Features & Benefits:

- ◆ Typically the same price as a walk behind floor scrubber
- ◆ 50% faster, safer & more comfortable than a walk behind
- ◆ Maximum working width of only 70cm to fit through any doorway
- ◆ Saves time & money in any application of over 1,000 square metres where cleaning is carried out at least twice a week
- ◆ Only 54 dB(A) noise output, a massive 16 times lower than any other machine in its range
- ◆ Ideal for healthcare and leisure environments and any day-time cleaning application where noise pollution is an issue

TECHNICAL DATA

		ASC GF
Squeegee width	mm	705-800
Disc brush Ø	mm	560
Brush motor	V/W	24/450
Brush rpm	rpm	170
Brush pressure	kg	15
Suction motor	V/W	24/310
Traction motor	V/W	24/300
Suction vacuum	mbar	70
Forward speed	km/h	0÷5,5
Type of drive	-	auto
Battery compartment dimensions (l x h x w)	mm	362x290x354
Gradeability	%	20
Batteries (GEL)	V/Ah	12/134
Batteries (WET)	V/Ah	12/150
Batteries weight	kg	80
Machine weight (without battery)	Kg	110
