ASC EUREKA M2

COMPACT RIDE ON SWEEPER

ALL THE EFFICIENCY OF A RIDE ON SWEEPER AND MAXIMUM EASE OF USE

Thanks to its compact dimensions and zero emission electric motor, the ASC EUREKA M2 is particularly suited for cleaning medium sized, interior floor areas.

Perfect for sweeping hard floors, and congested spaces, the ASC EUREKA M2 carpet cleaning kit makes it possible to also clean carpeted areas.

Fine dust is filtered through a polyester filter, with 99.5% filtration efficiency (standard class L filter), or 99.9% filtration efficiency (class M) and a much longer life than traditional filters.

The filter can be quickly cleaned after every use via an efficient mechanical shaker.

The upper cover of the machine completely opens, permitting full access to the battery or other internal parts for maintenance.

FEATURES

- Forward and reverse drive, infinitely variable and electronically controlled;
- Control panel includes ignition key and wet sweep filter bypass;
- Super elastic, anti-marking wheels;
- Electronic service brake and mechanical hand brake;
- Protective PVC bumpers;
- Steel dirt container mounted on wheels;
- Horn;
- Flashing safety lights;
- Reverse beeper;
- **Optional** *Vacuum cleaning kit;
- **Optional** *TotalSteel;
- **Optional** *Second side brush;

* OPTIONAL ACCESSORIES

- Class M filter;
- Dirt container lift-out baskets;
- Carpet cleaning kit
- Hour meter

COMPACT AND PRODUCTIVE

The compact ASC EUREKA M2 sweeper has a reduced turning radius (950 mm), which enables cleaning in tight spaces which are difficult to access

DEBRIS CONTAINER

Positioned at the rear of the machine the debris container has a loading capacity of 63 litres (83 Kg). Made of steel, mounted on wheels, and fitted with a comfortable handle for easy transport and emptying.

EASY OF USE

Visibility during operation is excellent, and the controls are simple and ergonomic.

FILTERING EFFICIENCY

Even the finest dust is trapped in the polyester **Multipocket Filter®**, which can be cleaned in seconds thanks to an efficient mechanical shaker

TOTAL STEEL® *OPTIONAL

The traction is activated via a lever control on the handle. The ASC Eureka M1 walk-behind sweeper is available in 2 versions, EB (battery powered) or SH (with a Honda petrol engine).

FLOATING MAIN BRUSH

The MultiBristle® main brush, with rows of mixed diameter bristles, and SharkCap® brush protection system, guarantee excellent performance and safeguard the brush and bearings from damage. An innovative attachment system permits rapid substitution of the brush without tools.

MULTIPOCKET® FILTER

With an innovative structure, large filtering area and up to 99.9% filtration efficiency, the Multipocket Filter® delivers clean air back into the environment and guarantees filter performance that lasts over time. The filter is also washable, resistant to water and oil, self-cleaning and easy to maintain.
