

ASC EVAC

Road Power Vacuum
Cleaners

It's a self-propelled clean technology electric vacuum machine that will pick up debris such as plastic bottles, confetti, cigarettes, glass and leaves during work hours efficiently and effortlessly.

The machine runs on a battery pack that is whisper quiet and easy to transport. It's totally dust and emission free. It can be used unrestricted without a licence and used during normal day working hours or in the evenings.

The Evac is hand built in Italy using proven & reliable components and it has been designed for easy service when it comes to maintenance considerations.

The machine runs 4 oversized drive wheels for maximum operator comfort and a large ergonomically designed hand to easy use. The machine is self-driven via an electric motor and uses a Sulo bin that can be swapped as the bins fill up for maximum productivity.

It can be serviced by any Honda agent when required and has the advantage of being able to be stored anywhere given its compact size.

The ASC Evac takes outdoor cleaning to a new dimension. It can be used during the day or night in busy and congested areas for the removal of rubbish in hard to reach areas.

THE ASC **EVAC** IS A MAINTENANCE TOOL SPECIFICALLY DESIGNED FOR COUNCILS, HOSPITALS AND INDOOR/OUTDOOR APPLICATIONS.
